TRUST

Trust

/trəst/ (noun)

- Firm belief in the reliability, ability, or strength of something.

The last 18 months have been incredibly challenging and rewarding for the KLIM family. We're all in a unique situation facing the joy of unprecedented product demand with the simultaneous frustration of supply chain challenges. This combination of factors is felt at every level of our business. With that in mind I want to express my appreciation for the patience of each of our dealers as we work through these issues.

I'm very proud of the effort our teams have put into solving problems and overcoming challenges to deliver our products in the current conditions. To combat external supply chain issues, for example, we've placed next season's product orders two months earlier than ever before. This will accommodate extended shipping times across our supply chain.

We are also investing heavily in updating our systems to provide more clarity on product arrival, so buyers will have improved visibility on delivery schedules. Our previous system wasn't designed for this new level of split shipments, so this is another way we're adjusting to new challenges.

Most importantly, with all these new difficulties, it's incredible to see our team cultivate and maintain unprecedented demand for our brand and products. When I look at our entire KLIM team, the thing I appreciate most about our brand is the teamwork that goes into everything we do. Our talented staff, our partners, and you, our dedicated dealers, are the people who ultimately provide the customers with an unbeatable riding experience. It's this team that's able to maximize everything we do and create success we can all be proud of.

I hope everyone has a profitable year and we look forward to working together as we all move forward.

We are grateful for your commitment to KLIM.

Justin Summers

KRIOS PRO HELMET ECE/DOT

\$749.99 USD | \$999.95 CAD | €880.00 EUR

Building off the legendary Krios adventure helmet, the Krios Pro is the first ADV-specific DOT helmet in North America to integrate Koroyd® impact absorbing technology. The Krios Pro elevates standards in comfort, performance and airflow while leaving traditional compromises behind. The ultimate adventure motorcycle experience is made possible by high performance hand-laid carbon fiber construction, four-ride-mode versatility, aerodynamic superiority and exceptional comfort.

- FULL CARBON FIBER HAND-LAID SHELL
- OPTIMIZED SHELL RESIN DISTRIBUTION FOR WEIGHT REDUCTION
- KORROYD® ENERGY ABSORBING MATERIALS/CONSTRUCTION
- KORROYD® STRUCTURES CRUSH HOMOGENEOUSLY FOR BETTER IMPACT ABSORPTION
- FULLY ADJUSTABLE CHIN/FOREHEAD VENTS
- CLEAR ANTI-SCRATCH POLYCARBONATE SHIELD
- TRANSITIONS® PHOTOCROMIC SHIELD INCLUDED
- PINLOCK® ANTI-FOG INSERT LENS INCLUDED
- FID-LOCK® STRAP CLOSURE SYSTEM
- FOUR RIDE MODES: STREET, ADVENTURE, DIRT, TRAIL
- OFF-ROAD GOGGLE COMPATIBLE WITH FACE SHIELD REMOVED
- REFINED AERODYNAMICS, VENTS, LINER SYSTEM FOR QUIETER RIDE
- VISOR AND SPOILER DESIGNED FOR AERODYNAMIC STABILITY
- ECE 22.06/DOT CERTIFIED
- KLIMATEK™ ANTIMICROBIAL/MOISTURE-WICKING LINER
- SENA 10U COMPATIBLE
- QUICK-RELEASE, NO-TOOL SHIELD AND VISOR

F5 KOROYD HELMET ECE/DOT

\$699⁹⁹ USD | \$939⁹⁵ CAD | €820⁰⁰ EUR

Built on the F5 chassis and adding to its engineered capability to provide all-day comfort, the F5 Koroyd adds safety and ventilation technologies to provide protection, reduced weight and enhanced ventilation and carries the DOT certification for on-road use. Challenging long-held industry methods, the F5 is leading the way in head protection technology and providing the best possible riding experience.

Koroyd® is a next generation energy absorbing technology, engineered with a unique structure and innovative energy management properties. When impacted the Koroyd cores crush homogeneously, decelerating the energy from the impact.

MIPS® brain protection system is a low-friction layer designed to reduce rotational motion from angled impacts the head.

- CARBON FIBER HAND-LAID SHELL
- KOROYD® IMPACT ABSORPTION TECHNOLOGY
- MIPS® TECHNOLOGY
- MOST VENTILATED KLIM ECE/DOT HELMET
- FID-LOCK® QUICK RELEASE STRAP
- 18 INTAKE VENTS, 8 EXHAUST VENTS
- REMOVABLE MOISTURE-WICKING LINER
- INCLUDED WINDSTOPPER LINER, HELMET BAG, EXTRA PEAK/HARDWARE

F3 CARBON PRO OFF-ROAD HELMET ECE

\$499.99 USD | \$669.95 CAD | €590.00 EUR

The F3 Carbon Pro Helmet is engineered specifically to reduce fatigue and improve comfort, and ultimately to reimagine what “lightweight” and “safe” really mean. Koroyd® is a next-gen energy absorbing technology, engineered with a unique structure and innovative energy management properties. When impacted, the Koroyd® cores crush homogeneously, decelerating energy from an impact in a controlled manner. A custom visor design improves FOV while improving aerodynamics and strength. Built with ultralight hand-laid carbon fiber for the best consistency in shell thickness and resin distribution, F3 Carbon Pro is the lightest ECE moto helmet to carry this level of impact protection.

- CARBON FIBER HAND-LAID SHELL
- SHELL CONSTRUCTION PROCESS AVOIDS DEPOSITS, IMPERFECTIONS & EXCESS WEIGHT
- ONE OF THE LIGHTEST, SAFEST SNOW HELMETS AVAILABLE
- KOROYD® TECHNOLOGY ENERGY ABSORBING MATERIALS/CONSTRUCTION
- STRONGER, MORE AERODYNAMIC PEAK VISOR
- FIDLOCK MAGNETIC QUICK-RELEASE STRAP
- 13 INTAKE VENTS
- 6 EXHAUST VENTS
- DIRECT VENT EPS DESIGN
- ECE 22.06 CERTIFIED

EDGE OFF-ROAD GOGGLE

The Edge Off-Road Goggle delivers maximum field of view, undistorted optical perfection and tireless fog resistance. This frameless design creates massive FOV, rewarding you with increased awareness and confidence through intense conditions. By injection molding the cylindrical, ultra-HD lens we also achieve virtually perfect optical clarity. The multi-density frame comfortably seals out the elements and OTG-compatible frame cutouts accommodate glasses if needed. The locking magnetic quick-release mechanism is intuitive and secure. The bottom line is the Edge is the sleekest, most functional off-road goggle you can buy.

- FRAMELESS GOGGLE WITH EXTRA LARGE F.O.V.
- ANTI-SCRATCH QUICK-RELEASE IMPACT RATED CYLINDRICAL LENS
- QUICK RELEASE MAGNETIC + SLIDE LOCK LENS RETENTION SYSTEM
- OVER THE GLASSES (OTG) COMPATIBLE FRAME CUTOUTS
- 2-PART FRAME: FLEXIBLE INNER FRAME FOR FIT/SEAL, RIGID OUTER FRAME
- REMOVABLE MAGNETIC LATCHING NOSE GUARD
- THRU-LENS FOAM-FILTERED VENT TO MANAGE TEMP/ ELEVATION CHANGES AND PREVENT FOGGING
- OPTICALLY CORRECT INJECTION MOLDED SUPER HD LENS TECHNOLOGY
- UV 400 RATING
- PASSES ANSI Z87.1 IMPACT PROTECTION SAFETY STANDARD
- 103MM GOGGLE HEIGHT (INCL. NOSE GUARD)
- INCLUDES PREMIUM 2-PART GOGGLE BAG FOR ABSORBING MOISTURE AND POLISHING LENS

(COMM SYSTEM NOT SOLD BY KLIM)

AI-1 RALLY AIRBAG VEST

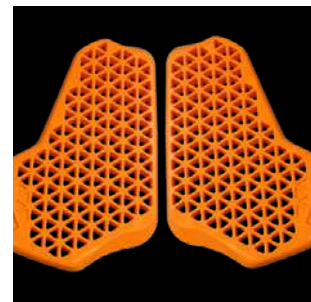

\$469⁹⁹ USD | \$629⁹⁵ CAD | €550⁰⁰ EUR

Built for – and proven in – the legendary Dakar Rally, the Ai-1 Rally Airbag Vest and In&Box DPP (Detect-Protect-Perfect) platform is continually evolving motorcycle protection technology driven by artificial intelligence. The In&Box detection module offers unprecedented crash sensitivity through continuous algorithm updates, while D3O® chest and back pads create an added layer of protection for low-speed tumbles. The Ai-1 Rally vest is comfortable and low-profile for use with any riding jacket, and is one of the highest rated motorcycle airbag systems available. Ride protected by the smartest system in motorcycle airbag technology.

- LIGHTWEIGHT ELECTRONIC AUTONOMOUS MOTORCYCLE AIRBAG VEST
- DETECTION + INFLATION TIME UNDER 60 MILLISECONDS
- D3O® CE LEVEL 2 VENTED BACK PAD
- D3O® CP1 CE LEVEL 1 VENTED SPLIT CHEST PROTECTOR PAD
- BACK PAD CERTIFIED TO EXCEED THE PERFORMANCE REQUIREMENTS OF EN 1621-2:2014 (LEVEL 2) FOR AMBIENT AND WET CONDITIONS
- CHEST PADS CERTIFIED TO EXCEED THE PERFORMANCE REQUIREMENTS OF EN 1621-3:2018 LEVEL 1, INCLUDING OPTIONAL COLD TEST AT -10°C
- COMPATIBLE WITH MOTORCYCLE JACKETS THAT MEET SIZE REQUIREMENTS
- FULLY WIRELESS AND AUTONOMOUS (NO SENSORS ON BIKE)
- STREET, TRACK* & ADVENTURE MODE CRASH DETECTION OPTIONS
- APPROX. 25 HOURS IN&BOX CONTINUOUS USE BATTERY LIFE
- VEST CHASSIS DESIGNED TO BE CAPABLE OF WITHSTANDING 3 INFLATIONS (IF POST-INFLATION PROCEDURE IS ALWAYS FOLLOWED)
- TOP RANKING 5-STAR SRA RATED (INSURANCE INDEPENDENT RANKING)
- CE EN 17092-6 LEVEL C CERTIFICATION
- TOTAL SYSTEM WEIGHT APPROX. 3.8 ±0.2 LBS (1.7 ±0.1 KG)

Detection Modes currently available in the United States:

- Street Mode (this is the standard detection mode when subscribing or purchasing the In&motion system)
- Adventure Mode (this is an optional detection mode on top of Street Mode, optimized for off-pavement adventure and dual-sport riding)
- *Track Mode (this option is currently unavailable in the US)

IN&BOX SUBSCRIPTION PRICING

The In&box detection module from In&motion is the “brain” of the Ai-1 Airbag vest. The In&box receives updates to continually refine the crash detection algorithm. An In&box must be ordered with each Ai-1 Airbag vest, and users must buy or subscribe to an In&motion membership package to activate their In&box.

* Prices subject to be reviewed by In&motion.

The Baja S4 was born for open deserts and towering sand dunes. Featuring extensive 4-way stretch zones and durable Schoeller®-Dynatec® nylon mesh – specially mapped with a lightweight liner for unrestricted airflow – the Baja S4 delivers thorough comfort for hot weather adventure riding. Engineered with excellent flexibility for dynamic off-road riding, while ceramic-plated SuperFabric® offers outstanding on-road protection. Paired with the waterproof Enduro S4, the Baja S4 kit is the ultimate adventure riding setup for maximum versatility.

ENDURO S4 JACKET & PANT

\$349.99 USD | \$469.95 CAD | €400.00 EUR

3XL - \$379.99 USD | \$509.95 CAD | €435.00 EUR

- SCHOELLER® WATERPROOF DURABLE 4-WAY STRETCH
- 3M™ SCOTCHLITE™ C790 CARBON BLACK REFLECTIVE MATERIAL
- DESIGNED TO FIT OVER BAJA S4 JACKET FOR COOL/WET WEATHER
- FIT COMPATIBLE OVER BODY ARMOR SUCH AS KLIM TACTICAL SHIRT
- 3 TOTAL VENTS
- 2 HAND POCKETS
- ROLL-AWAY HOOD PACKS INTO COLLAR
- STRETCH MATERIAL FOR MOBILITY
- ADJUSTABLE BOTTOM HEM, CUFFS, HOOD
- WORKS AS CAMP PILLOW WHEN PACKED INTO HOOD

The Enduro S4 is the solution for full-time-mesh adventure riders and all-season dual-sport riders who need a perfectly versatile kit for when hot weather becomes inevitable rain. With full-body stretch properties, the Enduro S4 overshell kits perfectly with the Baja S4 adventure suit, fits over off-road armor, or works as your campsite waterproof soft-shell for foul weather.

\$329.99 USD | \$439.95 CAD | €390.00 EUR

TALL - \$349.99 USD | \$464.95 CAD | €410.00 EUR

TORRENT OVER PANT

\$379⁹⁹ USD | \$499⁹⁵ CAD | €450⁰⁰ EUR

TALL - 399.99 USD | \$524.95 CAD | €470.00 EUR

The Torrent Over Pant is a fully fledged waterproof overshell to keep the ride moving through foul weather. Redesigned for low bulk and easy entry for wearing over motorcycle pants, such as our armored K-series riding jeans, the Torrent is ideal for sketchy commuting weather or long-distance rides. These are durable and long lasting, unlike throwaway rain layers that don't hold up to extended motorcycle use.

- 3-LAYER GORE-TEX PERFORMANCE SHELL
- GUARANTEED TO KEEP YOU DRY®
- 500D CORDURA® BOTTOM HEM, WAIST BAND, INSIDE KNEE
- DOUBLE-HEADED SIDE ZIPPERS FOR EASY LAYERING & ACCESS TO PANT POCKETS

Early KLIM adventure jackets were actually Valdez snowmobile shells, worn over off-road padding by aggressive riders exploring the backcountry. The Raptor GTX Overshell Jacket is for shell-over-padding systems born from a pedigree of KLIM shells with globetrotting reputations – including Dakar Rally stages. With chart-topping abrasion properties, comprehensive weather protection and off-road engineered construction, the Raptor GTX is built for aggressive dual-sport travel. Wear it over a jersey and off-road padding for excellent versatility and mobility through any terrain.

DUAL-SPORT

The redesigned Traverse is engineered to meet the demands of unpredictable weather conditions found in full seasons of dual-sport riding. Redesigned with a focus on increased durability and reduced bulk, you get full weather protection with more durability than a regular rain jacket and less bulk than a fully built adventure jacket. The lightweight waterproof jacket will let you ride all season long with the confidence to conquer the weather.

DAKAR JERSEY

\$89⁹⁹ USD | \$119⁹⁵ CAD | €100⁰⁰ EUR

The redesigned Dakar Jersey blends durability, airflow and greatly improved range of motion to create a well-balanced jersey for any off-road environment. The Dakar features heavy duty stretch mesh sleeves with an additional full-length stretch panel for mobility. Open mesh in the armpits, sides and lower torso add more airflow, making it perfect for aggressive riders. A zippered pocket on the upper arm is where you can store anything from earplugs to a small snack to an ID card, or anything else you might take on the trails or a dual-sport ride.

- BALANCED DURABLE / VENTILATED JERSEY
- HEAVY-DUTY DURABLE STRETCH MESH SLEEVES & SHOULDERS
- FULL OPEN MESH ARMPITS, SIDES, LOWER TORSO FOR ADDED AIRFLOW
- UPPER ARM ZIPPERED POCKET
- FITS OVER ELBOW CUPS OR LOW PROFILE PADDING
- AGGRESSIVE MOISTURE-WICKING PROPERTIES

WOMEN'S GEAR

— SPRING 2024 —

ARTEMIS JACKET & PANT

The Artemis Jacket is the most complete women's adventure riding jacket available. Now redesigned with improvements across the board, with more abrasion resistance, more functional storage, better mobility and better ventilation. Key abrasion panels are upgraded to Superfabric® ceramic print overlays and stronger Cordura® fabrics, while inner panels that experience less wear are lightened for reduced bulk. Using rider feedback, KLIM focused on female-specific features, such as cross-core vents and a springless collar adjuster to avoid hair snagging. Trust the Artemis for your most epic adventures.

SOLSTICE COOLING BASE LAYERS

The Solstice -1.0 provides a level of cooling and comfort never seen before in the powersports industry. KLIM's Solstice Cooling base layers use chemical-free fabric technology for cooling, moisture-wicking and evaporation, making this material unlike other cooling and sweat-wicking fabrics on the market. These fabrics will deliver consistent cooling and wicking performance throughout the lifetime of the garment. When high performance cooling and comfort are crucial on a ride, choose the KLIM Solstice -1.0 Long Sleeve.

SOLSTICE SHIRT Fire

\$199⁹⁹ USD | \$269⁹⁵ CAD | €230⁰⁰ EUR

The all-new Solstice Shirt eFire adds powered heat elements to the most versatile & comfortable women's layering system for conquering any climate on Earth. Designed specifically for KLIM mid-layers and outerwear, the Solstice Shirt eFire heated base layer traps body heat to ensure consistent warmth for a cold day on the snow. KLIM's new eFire heated technology features one horizontal panel on the upper chest and two vertical panels on the upper back designed specifically for women. The heating element includes three heat modes – low, medium and high – with long-lasting heating filaments powered by a USB-C charged battery and a dedicated battery pouch in a hidden zipper battery pocket.

- SPECIFICALLY DESIGNED AND PATTERNED FOR WOMEN
- GRIDDED FABRIC DESIGN TRAPS HEAT
- FLAT LOW-PROFILE SEAMS FOR EXCELLENT MINIMUM-BULK LAYERING
- ENGINEERED SPECIFICALLY FOR POWER SPORTS
- POLY-SPANDEX BLEND
- ANTI-MICROBIAL
- MOISTURE-WICKING
- HIGHLY BREATHABLE
- FAST-DRYING
- LIGHTER THINNER GUSSETS IN UNDERARMS REDUCE BULK AND INCREASE BREATHABILITY/MOBILITY
- DESIGNED SPECIFICALLY FOR USE WITH KLIM MID-LAYERS AND OUTERWEAR
- CONVERTIBLE CUFF CONSTRUCTION EASILY USED AS THUMBHOLE OR REGULAR CUFF
- HEAT PANELS ON CHEST & BACK (1 HORIZONTAL ON UPPER CHEST AND 2 VERTICAL ON THE MID-UPPER BACK)
- LIGHTED TOUCH BUTTON CONTROL ON UPPER RIGHT CHEST (OUT OF THE WAY OF BACKPACKS STRAPS, EASY TO ACCESS)
- INTERNAL WIRE ROUTING FOR COMFORT
- 3 HEAT MODES: HIGH/MEDIUM/LOW (AND OFF)
- UP TO 8 HOURS ON LOW HEAT (GREEN LIGHT)
- UP TO 3.5 HOURS ON MEDIUM HEAT (BLUE LIGHT)
- UP TO 2.5 HOURS ON HIGH HEAT (RED LIGHT)
- RED-BLUE-GREEN HEAT LEVEL LIGHTING CODE

AGGRESSOR -1.0 COOLING BASE LAYERS

The Aggressor -1.0 provides a level of cooling and comfort never seen before in the powersports industry. KLIM's second gen of Aggressor Cooling base layers use chemical-free fabric technology for cooling, moisture-wicking and evaporation, making this material unlike other cooling and sweat-wicking fabrics on the market. These fabrics will deliver consistent cooling and wicking performance throughout the lifetime of the garment. When high performance cooling and comfort are crucial on a ride, choose the KLIM Aggressor -1.0.

BADLANDS GTX LONG GLOVE

\$249⁹⁹ USD | \$319⁹⁵ CAD | €290⁰⁰ EUR

The redesigned all-weather Badlands GTX Long Glove is engineered for foul weather riding with backhand insulation and waterproof construction. Now in their second generation, these KLIM gloves feature huge improvements in tactile feel and dexterity for better grip on the bars, while robust materials and features provide comfort and confidence in foul weather through four seasons of adventure riding. The streamlined new design includes reduced bulk in the palm along with a new "set-and-forget" wrist closure system, which makes getting them on and off significantly easier. This is the tool of choice for motorcycling in mother nature's worst.

GLOVE LINER 1.0 | DRY

\$1599 USD | \$1995 CAD | €2000 EUR

The KLIM® Glove Liner 1.0 features a unique blend of hyper-wicking fabrics to aggressively move moisture away from your skin for increased comfort and decreased conductive heat loss. Includes e-touch fingertip function allowing use of capacitive touch screens while being worn. Compatible with all standard-sized KLIM® gloves.

- MOISTURE WICKING FABRIC
- 75% POLYESTER, 25% POLYPROPOLINE
- MULT-E-TOUCH SCREEN FUNCTIONALITY
- SILICONE PALM PRINT FOR NO SLIP INTERNAL CONNECTION TO OUTER GLOVE

GLOVE LINER 2.0 | DRY + WARM

\$1999 USD | \$2495 CAD | €2500 EUR

The KLIM® Glove Liner 2.0 features Polartec® Power Stretch® material that insulates through loft properties while also dispersing moisture across the 4-way stretch fabric. Users experience added warmth in this direct replacement for stock fleece glove liners. Includes e-touch fingertip function allowing use of capacitive touch screens while being worn.

- POLARTEC® POWERSTRETCH FABRIC
- MULT-E-TOUCH SCREEN FUNCTIONALITY
- SILICONE PALM PRINT FOR NO SLIPINTERNAL CONNECTION TO OUTER GLOVE

AGGRESSOR -1.0 KNEE BRACE SOCK

\$3999 USD | \$5495 CAD | €4500 EUR

The Aggressor -1.0 Knee Brace Sock provides a level of cooling and comfort never seen before in the powersports industry. KLIM's second gen of Aggressor Cooling base layers use chemical-free fabric technology for cooling, moisture-wicking and evaporation, making this material unlike other cooling and sweat-wicking fabrics on the market. These fabrics will deliver consistent cooling and wicking performance throughout the lifetime of the garment. When high performance cooling and comfort are crucial on a ride, choose the KLIM Aggressor -1.0 Knee Brace Sock.

- MID-THIGH HEIGHT KNEE BRACE SOCK
- KLIM AGGRESSOR COOLING MESH FABRIC WITH CHEMICAL-FREE COOLING TECHNOLOGY
- GRIP CALF & GRIP SILICONE THIGH ELASTIC TO KEEP SOCK UP
- COMBINATION OF TECHNICAL VENTING AND DENSITY FOR PADDING
- WICKS MOISTURE AWAY FROM SKIN
- ANTIMICROBIAL
- LIGHT KNIT VENTING ON FRONT OF FOOT
- EXTRA PADDING UNDER FOOT AND HEEL
- COMPRESSION KNIT AROUND ARCH
- LOW PROFILE COMFORT SEAMS

AGGRESSOR VENTED SOCK

\$2499 USD | \$3495 CAD | €3000 EUR

The Aggressor Vented Sock takes KLIM's popular lightweight vented sock and incorporates an all-new technical and performance design to keep you comfortable in warmer weather. The highly-breathable, moisture-wicking above-calf design includes knit mesh panels with comfort padding at ankle, heel, forefoot and sole. Added quick-drying performance nylon materials dry eight times faster than cotton and are twice as soft.

TORRENT STORM COLLAR

\$4999 USD | \$6495 CAD | €6000 EUR

Add the Torrent Storm Collar to any riding jacket to create a weather barrier between your collar and helmet. For cold wind and rain, the Torrent is built to fit over the jacket collar and comfortably tuck under the helmet to protect you from the harshest weather you can stand on a motorcycle.

- PACKABLE WATERPROOF SHIELD FOR HARSH WEATHER
- SNUG BUT COMFORTABLE FIT FOR EXTENDED RIDING
- SMALL AND LIGHTWEIGHT

Sizing guide: Measure the largest possible circumference around your head in centimeters (from your nose around the base of your skull). If your measurement is between sizes, choose the larger size to ensure it is not too snug.

BAGS & PACKS

— SPRING 2024 —

ARSENAL 30 BACKPACK

\$19999 USD | \$26995 CAD | €23000 EUR

The Arsenal 30 Backpack is a large capacity pack in our lineup of off-road, dual-sport and adventure riding bags. Load compression and stability while riding were key build objectives, along with exceptional venting for hot weather conditions – all leading to extended comfort and a better ride. As is KLIM tradition, we built the Arsenal 30 with durable materials and incorporated useful features like the removable rain fly, a tool pack and harness, pockets that fit fuel bottles, low profile hidden compression straps, hydration bladder and more.

- LARGE CAPACITY POWERSPORTS BACKPACK
- DURABLE 500D CORDURA® NYLON EXTERIOR FABRIC
- C-CURVE SHAPE FOR COMFORT AND LOAD DISTRIBUTION
- PE-BOARD INTERNAL BACK PANEL FOR STRUCTURE AND PROTECTION FROM CONTENTS
- INTERNAL WIRE FRAME & ALUMINUM CENTER STAY FOR LOAD SUPPORT
- INTEGRATED WATERPROOF RAIN FLY STASHES IN BASE OF PACK
- INCLUDES KLIM HYDRAPAK® 3 LITER SHAPE-SHIFT™ BLADDER
- INCLUDES REMOVABLE WATER RESISTANT TOOL PACK
- LARGE MAIN ZIPPERED COMPARTMENT W/ 4 ZIPPER HEADS FOR ALL-AROUND ACCESSIBILITY (2 BOTTOM-UP ZIPPERS, 2 TOP ZIPPERS)
- 7 TOTAL POCKETS & 4 MAIN COMPARTMENT ORGANIZER SLEEVES
- OPEN BACK PANEL W/ UPPER & LOWER FOAM PILLOWS FOR MASSIVE AIRFLOW

TEAM GEAR BAG

\$189⁹⁹ USD | \$259⁹⁵ CAD | €220⁰⁰ EUR

KLIM's Team Gear Bag takes payload to a whole new level. Its superior capacity compartment system features four zones of intense storage: a deep boot compartment, huge center main gear compartment, soft-lined helmet pocket and quick-access external accessory pockets. Even when fully loaded (if you can find enough gear!), the Team Gear Bag remains easy to lift and carry thanks to an ingenious auto compression padded shoulder strap system and sleek, flush-grab side and end handles. Fill it, if you dare!

- CONSTRUCTED OF RUGGED MATERIALS – BUILT TO LAST
- SUPER LARGE CAPACITY
- 4 ZIPPERED COMPARTMENTS
- YKK® HEAVY-DUTY ZIPPERS
- DEEP BOOT COMPARTMENT
- LARGE FRONT ACCESSORY POCKET
- HELMET COMPARTMENT WITH REMOVABLE HELMET SLEEVE
- HUGE MAIN GEAR COMPARTMENT
- AUTO-COMPRESSION PADDED SHOULDER STRAP CARRY SYSTEM
- FLUSH-GRAB SIDE AND FRONT HANDLES FOR EASY LIFTING/MOVING
- REINFORCED BASE
- QUILTED HIP PANEL
- MULTIPLE VENTING PORTS
- DIMENSIONS 18"X36"X16"

KODIAK BAG

\$339⁹⁹ USD | \$459⁹⁵ CAD | €400⁰⁰ EUR

Redesigned from the wheels up, the new Kodiak Bag offers maximum cargo capacity and an intelligent compartmentalized design. From the outside-in, the Kodiak's structural stoutness and weight-distributing design will easily contain all the gear you could ever possibly need. Independent boot, helmet and goggle compartments, cavernous cargo bays and numerous smaller stash and zippered pockets combine to create the ultimate full-size rolling gear bag.

- STRUCTURAL SKELETON ENSURES STAND-UP STABILITY WHEN LOADED OR UNLOADED
- COMPARTMENTALIZED DESIGN PLACES BOOTS, HELMETS, GOGGLES AND MORE IN DEDICATED ZONES
- OVERSIZED 90MM WHEELS PROVIDE HIGHER GROUND CLEARANCE
- TO KEEP LOADED BAG FROM HITTING THE GROUND
- INTERNAL SEMI-RIGID BOOT LINER BAG KEEPS BOOTS SEPARATE FROM THE REST OF YOUR GEAR
- YKK® HEAVY DUTY ZIPPERS
- LARGE INTERNAL LID CARGO BAYS
- ZIPPERED LID MESH POCKETS
- TWO EXTERIOR POCKETS (ONE IS FLEECE)
- LIGHTWEIGHT AND STURDY EXTRUDED PULL HANDLE
- HIGH QUALITY GRAB HANDLE WITH MOLDED K-LOGO
- FOUR EXTERNAL GRAB HANDLES (1 MOLDED FOOT GRAB HANDLE AND 3 HEAVY-DUTY WEBBING HANDLES)
- HIGH-IMPACT PLASTIC CORNER ARMOR ON EXTERIOR BASH-AND-DROP ZONES
- SIZE: 36X18X18

DEFLECT HANDLEBAR MUFFS

\$69.99 USD | \$94.95 CAD | €80.00 EUR

We engineered the Deflect Handlebar Muffs to provide hand warmth and wind protection on your trail ride in the most extreme snowmobiling conditions. Built specifically to perform better than all the alternatives, the Deflect allows for the use of a less bulky glove while maintaining protection from biting cold temperatures.

- FULL COVERAGE SNOWMOBILE HANDLEBAR MUFFS
- INSULATED
- HIGHLY WATER/WIND RESISTANT
- HEAVY DUTY NYLON CONSTRUCTION
- COMPATIBLE WITH HANDGUARDS AND MIRRORS
- INNER STRUCTURE KEEPS SHAPE AND SPACE FOR HAND MOVEMENT
- TRANSPARENT TOP SECTION FOR VISIBILITY OF CONTROLS
- CAN BE ROLLED BACK AND REMAIN INSTALLED WHEN NOT NEEDED
- LOCKING YKK® ZIPPER
- TRAIL SLED HANDLEBAR PLUG
- MECHANICAL ATTACHMENT POINTS TO HANDLEBARS
- COMPATIBLE WITH ALL OEM SNOWMOBILE TYPE
- VELCRO® CLOSURE KEEPS OUT COLD AND SECURES TO HANDLEBAR

POP AND MERCHANDISING

UTILIZE KLIM'S AVAILABLE POP IN ALL AREAS. FOR THE ENTIRE POP CATALOG, PLEASE GO TO THE KLIM RESOURCE WEBSITE AT: PORTAL.KLIM.COM

- Using our POP not only displays our product in a consistent and clean fashion, it helps anchor valuable retail space.
- Our POP is designed to maximize the use of space and product placement.
- POP also helps keep the product display consistent when you are not in the shop.
- Klim Technical Riding Gear is providing a complete "package" for you (The Technical Apparel Specialist), From sales presentations to the merchandising of our products on the floor.
- Get creative - work to go above and beyond.
- A half empty rack looks unattended and also prevents sales due to lack of size runs.
- If you need to rotate product out to keep a shelf from looking stagnant do it.
- Remember to "front face" all merchandise toward the main traffic area and create a "captivating draw" into the display.
- Every time you step into a new dealer, POP is, and should be, part of your presentation. Consistent review of the merchandising and rotation of product was proven to be an effective method of increasing sales. Do it often, it will make a difference!
- Use lighting to help draw attention.
- Train, Educate, Train Again.
- Create a Walkway.
- When given a path, customers will follow it! Walkways need to be clear and at least 42" wide...but keep it short (less than 16ft).
- On slat wall: start at eye level and "build up".
- Highest dollar Items at eye level.
- Mid price Items at top.
- Lower price Items on the bottom.
- Display by Category! GoreTex, Women's Wear, Casual, etc.
- Simplify through Differentiation.
- Don't be afraid of color. Use the bright colors to draw the eyes of customers and keep the area feeling fresh.
- Color blocking is the arrangement of all like colors together which achieves a more pleasing overall look and strengthens the look with bands of colors grouped together. Proper color blocking will enhance the look and feel of the display and avoid a "cluttered" and distasteful "feel".
- Create a virtual head to toe representation.
- Helmet - Apparel - Gloves: Help the customer visualize the whole package.
- Mannequins are an excellent way to achieve the head to toe showcase and also claim more valuable real estate within the shop.
- Is there a "high impact" area of the store? Where is traffic flow the heaviest?
- Keep all of the KLIM product merchandised together. If a customer is looking for KLIM it will all be available in one spot. Ideally we would create a "store within a store" to maximize the branding potential.

MINIMUM ADVERTISED PRICE [MAP] POLICY (US & CANADA)

PROTECTING THE KLIM® BRAND & YOUR MARGINS

- KLIM Authorized Dealers are required to adhere to the following policies pursuant to the Master Dealer Agreement.
- Authorized KLIM dealerships are not allowed to sell KLIM products to anyone or any company that has the intent to re-sell KLIM products to a third party unless the third party is an authorized KLIM dealer.
- KLIM Advertising and Resale Policy:
- For KLIM to effectively compete in our chosen markets, properly position KLIM's products in the marketplace, and preserve KLIM reputation for providing high-value products and premium support, KLIM must exercise control over the distribution of KLIM products. Therefore, all sales of KLIM products will be subject to this Distribution and Advertising Policy.
- Each KLIM reseller is free to independently establish resale prices and advertising campaigns. However, KLIM will, without assuming any liability, cancel all orders and will refuse to accept any new orders from any reseller immediately following KLIM verification to its satisfaction that such reseller has intentionally advertised* any KLIM product at a net retail sales price** less than the minimum retail price established and announced by KLIM from time to time (the "MSRP"). KLIM reserves the right to review each infringement on an individual basis and govern reinstatements subjectively.
- The following will also be considered a violation of this Policy:
- Advertising that invites a prospective purchaser to contact the reseller in any way, or add an item to a virtual cart or bin, to learn the price of any KLIM product (suggesting that KLIM products are being offered at less than MSRP); and
- Advertising that bundles a KLIM product with any other product, coupon, or other item at an advertised price that results in the effective advertised price for the KLIM product being less than the MSRP of that KLIM product; and Loyalty programs*** that
 1. Offer a sliding percentage discount that may be applied to KLIM products (must be a fixed percentage or amount based on a previous purchase)
 2. Are transferable (program must apply to only the unique original customer) and
 3. Directly or indirectly feature or mention KLIM products (if any brand is specifically excluded from an implied discount, the KLIM brand must also be conspicuously identified in that exclusion).
- This Policy applies to first-quality goods only. It does not apply to distressed merchandise and close-outs as clearly identified by KLIM. All "non-current model" KLIM products must be posted as "non-current" product or post the manufacture year of the product for all advertisements. This Policy also does not apply to advertising in a reseller's physical store(s). It may be modified at any time by KLIM without notification, and the MSRP may be affected periodically by promotions authorized by KLIM or during promotional periods designated by KLIM.
- The MSRP for all products will be posted and distributed by KLIM annually and updated as seen fit by KLIM. The MSRP of each KLIM product is stated on KLIM's website at www.KLIM.com.
- KLIM neither solicits, nor will it accept, any assurance of compliance with this Policy. Nothing in this Policy shall constitute an agreement between KLIM and any reseller that the reseller will comply with this Policy.
- All questions regarding the interpretation of this Policy must be directed to your account manager.
- * For purposes of this Policy, "advertised" means any advertising through any media (other than advertising in the reseller's physical store(s)), and includes, but is not limited to, advertising in newspapers, magazines, brochures, direct mail, fliers, television, radio, email, internet sites, or any link to any web-based shopping cart.
- ** For purposes of determining whether or not a reseller has complied with this Policy, the value of any "free" or "discounted" product, coupon or other item sold or given by the reseller with the KLIM product in question will be deducted when calculating the net retail sales price at which the KLIM product has been advertised, offered or sold.
- *** For purposes of this Policy, a "Loyalty Program" is defined as any credit or dollar amount given or applied to future purchases as an incentive for repeat business.
